

6 Source / 4 Zone Audio Distribution Amplifier

MAP-800HD

The MAP-800HD home audio system brings you the advanced Generation D technology, is a functional, easy-to-install, highly compatible, expandable, and used-friendly audio distribution system. After easy setting steps, it provides up to 50W power by class D amplifier and distribute at most to 12 zones which all can be controlled by packaged keypads and/or IR remote controller. The overall distribution system including package devices is easy-to-install, so every audiophile in every zone can use IR controller or keypads to enjoy the powerful audio. Imagine the flexibility of listening to a radio station in the kitchen, DVD's in the den, and your favorite CD's on the patio. Now, you can enjoy any audio source when and where you want it. With the McLelland MAP-800HD, all that's needed are speakers, wire, and audio source equipment. Multi-source, multi-zone sound was never so simple, easy or affordable. MAP-800HD is a functional product with the latest digital amplifier technology. Don't hesitate to contact us to check one out!

6 Sound Sources
4 Listening Zones

Specification:

S/N	>85dB A WTD
THD	<0.1%
Frequency Response	20Hz-20KHz
Input Impedance	>47 K Ohm
Input Sensitivity	250 mv
Power Supply	AC115V/60Hz, 230V/50Hz
Output Connection	Terminal Block
Dimension	430W x 89H x 416D mm

Feature:

- * High efficiency more than 85% (class D) amplification
- * 25W x 2 @ 8 Ohm output power per zone (50W x 2 @ 4 Ohm)
- * Stereo/Bridge mono output:
- * Built-in IR receiver & IR remote controller for source select/ volume/ treble/bass
- * RS-232 port allows 2-way communication with the Home Automation system
- * Expandable up to 12 zones by additional units
- * 4 Keypads controller, 1 kit RJ-45 connection hub package
- * Built in IR Emitters

ACCESSORIES

MAP-RC1 Handheld Remote Control

For remote control use in other rooms additional MAP-RC1 allows control of the MAP-1200HD whole house audio system

MAP-KP1 Control Keypad

The MAP-KP1 keypad controllers contain the selected audio sources by simply pressing one of the keypads. It also can be used to change the volume levels, music sources, treble and bass.

MAP-KP2 Touch Sensor Control Keypad

The MAP-KP2 is designed with touch sensor technology. It allows to change the audio sources, adjust the volume, treble or bass by just touch the panel.
