

MAP-1200HD with RJR-2/ MAP-KBT1

6 Source / Zone Audio Distribution Amplifier

FEATURE

- * Output power: 50W x 2 @ 4 Ohm x per zone (25W x 2 @ 8 Ohm).
- * High efficiency more than 85% (class D) amplification.
- * Stereo/ Bridge mono output.
- * Built-in IR receiver & IR remote controller for source select/ volume/ treble/ bass.
- * 12V DC trigger out to external devices when system in on.
- * 12V DC mute trigger in from external devices.
- * RS-232 port allows 2-way communication with the Home Automation system.
- * Expandable up to 18 zones by additional units.
- * 6 LEDs for 6 ones Power On and Standby.
- * Built in IR Emitter.
- * Power Supply: AC115V 60 Hz / 230V 50 Hz, Can be switched.
- * 6 Keypads, 1 Remote Control, 1 RJ-45 connection Hub package.
- * Dimension: 416D x 89H x 430W mm.

SPEC

- * S/N: >85dB A WTD
- * THD: <0.1%
- * Frequency Response: 20Hz-20KHz
- * Input Impedance: >47 K Ohm
- * Input Sensitivity: 250 mV
- * System on Voltage: DC 12V
- * Output Connection: Terminal Block.
